Exodia 2020

<u>CADathon</u>

Let's get your creativity up to the front!

EXODIA, IIT MANDI brings you CADathon, a platform to let your creativity, precision and designing capabilities stand out among your counter parts.

Event Description

The event comprises of designing 2D and 3D parts given in the problem at the time of the event. The designing has to be done in mandatorily in **SOLIDWORKS** design software.

Guidelines

- It is an offline event so the participants have to be present at the venue.
- Only college students are allowed to participate. Bring your college ID card.
- Participants are needed to form a group of 3 individuals. If anyone is/are unable to do so, help will be provided from our side to form the team.
- The problem statement will be given at the time of the event.
- The participants must have their own devices (i.e. mouse, laptops etc.) with the Solidworks installed.
- We will not be providing any kind of aids other than working space and charging ports.
- We will not take any responsibilities regarding the damages caused to the devices of the participants during the event.
- Judging criteria will be informed on the spot.
